PASTOR'S CORNER

BUILDING ACCORDING TO PATTERN

TEXT: 1 Chronicles. 28:1-3 and 9-12

God has not changed his ways of dealing with his co-builders today. He would not call a man to work for him or walk with him without showing or giving him a clear blue print, pattern, plan or specification of what he wants. Sadly, unlike the faithful men of old who built for God according to blue print, pattern, plan or specification (BPPS), many men who claim to be building for God today are obviously not building according to God's Pattern. While God's emphasis today is on building his church (the Ecclesia) as a spiritual temple for him on earth, the emphasis of carnal leaders today is on building impressive edifices, cathedrals, or monuments for themselves. So God's glory is evidently absent.

God has a building project going on now, this is not a physical temple or edifice, but a company of people redeemed by the blood of Jesus and called out of sin, self and the world to be separated to God. God's present building on earth is the church (the Ecclesia). The believers, as living stones, are being built together for a dwelling place of God in the spirit. (Ephesians 2:21-22 NKJV).

Jesus Christ is the only sure and solid spiritual foundation that can carry and sustain the spiritual temple that God will inhabit and fill with his awesome glory. Any doctrine or teaching that does not wholly conform to the image of Christ and his early apostles in the New Testament is a fake, inferior or substandard building material for building God's church today. Apostle Paul warns against false teachers using false building materials in 1Timothy 6:3-4.
